GLASS WIPE BOARD SPEC SHEET LOW REFLECTIVE MAGNETIC BOARDS

Manufactured in the UK of;

- 4mm low iron toughened glass with writeable fine acid etched face to EN12150 Class 1 with all edges polished.
- Back painted to any standard RAL colour.
- Vinyl protective backing.
- 0.9mm zintec backing

Stand off fixing – 25mm x 25mm satin finish aluminium

Invisible fixing – aluminium split batten fixing

Note: suitably strong magnetic accessories are required to work effectively with glass wipe boards. Only accessories advertised as being for use with glass wipe boards will be strong enough.
